## Value-added Decoration

We are passionate about innovation through glass decoration, dedicating time and energy to researching what really matters to consumers, and pushing the boundaries of what we can achieve technologically.

With the largest range of state-of-the-art decoration facilities in China, we can create endless possibilities for adding value to brands:

- Decals and Transfers
- Offset Printing
- Engraving/Embossing
- Screen Printing
- Frost
- Spray Painting
- Hot Stamping
- Electroplate

# WHY ROETELL

## A DIFFERENT KIND OF GLASS PACKAGING PARTNER

Our mission is to improve our customers' net income through packaging products and services.

## WE ARE A HYBRID BOTTLE & PACKAGING SUPPLIER

Our business model is designed to make glass bottle manufacturing easy for our customers. We can design, make, store, ship bottles, and do a lot more. We offer a range of pre-designed products and services designed to streamline packaging supply chains and grow profits.

For any market or industry, one call brings it all! From research and development to complex custom package design, we are ready to help you package more profit.

## ALREADY WORKED WITH COMPANIES OF ALL SIZES

We understand that small entrepreneurs may need a little extra time and a helping hand to fully explore their options. Roetell has experienced success in previous cases, which is truly inspiring and shows what you can achieve for your products, brand and bottom line.

## LEAN PRODUCTION STARTING FROM SILICA SAND

All of our glass bottles and jars are designed, manufactured, assembled and packaged in our China factory. Roetell offers a compelling suite of turnkey solutions to address your individual needs by using advanced forming and plant equipment.

## INNOVATIVE BOTTLE DESIGN CENTER

New glass design projects need to reach the market not only with exceptional packaging, but also on time and within budget.

## ALL ABOVE, IS A STRONG HISTORY OF GROWTH

Since 1894, our company has transformed itself into a genuine manufacturing and packaging juggernaut. For the past 30 years, Roetell has grown to be a leader in China's glass container industry. And we're looking forward to the next milestone.

## ENDLESS POSSIBILITIES OF INNOVATION

Innovative decorating processes tailored to service our diverse clients.

## FEEDING THE FIRES OF INNOVATION - INNOVATION WITHIN ROETELL IS MORE THAN A PROCESS, IT' S A CULTURE.

At Roetell we have a passion for innovation and creativity; qualities which have positioned us as a world-leading manufacturing and packaging business.

We are constantly embracing new technologies and developing bottle packaging ideas to benefit our customers and their products in novel and exciting ways. We believe the possibilities for achieving outstanding packaging designs are virtually endless.

## AN EYE FOR GLASS: CREATIVE INSPIRATION BROUGHT TO LIFE

We are developing packaging that continually improves the customer experience.

## BOTTLE ART INSPIRATION

Fusing, stained glass, etching, mosaics, glass bottles—all ready to be reused in spectacular art. Find creative ideas below from Roetell and artists like you to get inspired.

# INNOVATE

## LATEST DESIGN

Glass is one of the most enduringly natural and attractive materials. At Roetell we have combined these qualities with the skill and experience of our designers to create striking bottles and jars for a range of food and beverage brands in Pantone colors.

In recent years, the demand for a unique shelf standout has led Roetell to produce groundbreaking glass bottle designs. Many of them have won prestigious awards in recognition of their quality.

## ABOUT US

### 35 YEARS AND COUNTING

Our mission is to improve our customers' net income through packaging products and services.

### MISSION & VISION

Exceptional services: We provide exceptional services to all of our customers and put them at the heart of our decisions.

Low environment impact: We have launched a sustainable framework to reduce our use of materials and energy in the production process.
